

This spectacular table is **FOR SALE**

The 2400mm long x 1010mm wide beautiful table is made of donated reclaimed furniture grade messmate timber finished at 40mm thick.

This handcrafted table is a solid testament to what a bunch of talented teenagers can achieve working together.

Twenty students from Somerville Secondary College's Hands On Learning team spent six months designing and building this incredible table under the expert guidance of their artisan-teachers and volunteers. Hands On Learning is an innovative education program that caters for the different ways kids learn, helping a diverse range of young people grow confidence, engage and achieve at school.

The team is now selling their prized work on ebay so they can purchase a priority list of specialist tools.

You now have a chance to secure this unique table and support a wonderful group of young people to continue building their skills and success at school.

The link below will be available **FROM 8pm FRIDAY 25TH NOVEMBER** and will not work prior to this
