

Subject Costs 2025

CURRICULUM CONTRIBUTIONS

- Somerville Secondary College, like all government schools, ensures students have access to the items, activities, and services to fulfil standard curriculum requirements. This includes instructional curriculum materials and equipment required for theory-based learning activities across learning areas and may include items such as: poster/coloured paper, food, chemicals, and materials to conduct practical activities/learning tasks which support the program.

EXTRA-CURRICULAR ITEMS AND ACTIVITIES – USER PAYS

- User-pays contributions may be requested for additional curriculum instructional materials, items and activities that enhance or broaden the schooling experience of students that are above and beyond what the school provides to deliver the curriculum. This may include student materials for practical aspects of the course which students will own/consume/for home use.
- These items are provided on a user-pays system. Unfortunately, students will be unable to access these extra-curricular items and activities if these contributions are unpaid.
- Many electives attract extra-curricular, user-pays contributions for materials, activities, camps and/or excursions over and above the standard curriculum which should be considered in selecting subjects for next year.
- Where student elective/subject choices incur a cost for extra-curricular items and activities- which are those items, activities or services that are essential to support student learning of the standard curriculum - payments are requested to be made within the reasonable timeframe indicated by the college.

- To support families in planning for these contributions, the College offers payment options via credit card and Centrepay (Centrelink).
- Payments can also be made via Compass Pay.
- Please contact the office if you require further information on payment options and plans.

Other family support includes:

- The Camps, Sports and Excursion Fund (CSEF) is an initiative of the Victorian State Government to assist families holding a valid concession card. CSEF provides a single payment to schools for eligible students to attend camps, sports and excursions during the year. An application form is included in enrolment and re-enrolment packs and are distributed to parents each year.
- State Schools Relief (SSR) may assist families in providing uniform, books, shoes and more. Please contact our Wellbeing team for more information or to make an appointment to discuss assistance available.

VET Program

VET fee arrangements for 2025 have not been advised as yet. Further information will be provided once costs are confirmed.

Department of Education and School Council Financial Policy Documents can be found on the school website:
